Stress Mate Vet

Vitamins AD₃EC premix

Composition : Each 5ml. contains

Vitamin A :	2,50,000 IU
Vitamin D ₃ :	25,000 IU
Vitamin E :	150 mg
Vitamin C :	500 mg.

Benefits :

1. Highly useful in the following stress condition
 - Vaccination
 - Deworming
 - Handling
 - Transportation
 - Disease
 - Climatic disturbance etc.
2. Improves health & immunity.
3. Increases growth and body weight.

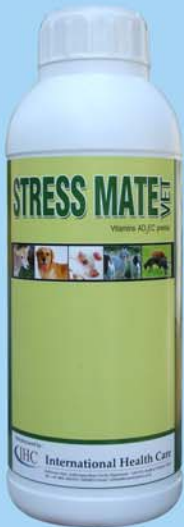

Indications :

- All stress causing times.
- Any disease outbreaks
- Poor growths
- As a performance booster

Dosage : 7-10 days

Large animals : 20ml. / animal / day
Calves, Sheep, Goat : 7-10 ml. / animal / day
Dog : 3-5 ml. / animal / day
Pig Starters & Growers : 3-5 ml. / animal / day
(or) as advised by a veterinarian

Presentation : 1ltr. plastic bottle

V-Plex LM Vet

B-Complex Vitamins with Amino Acids

Composition : Each 10ml. contains

Vitamin B ₂	: 2.00 mg.
Vitamin B ₆	: 1.10 mg
Vitamin B ₁₂	: 12.50 mcg.
L-lysine	: 7.50 mg.
DL-Methionine	: 7.50 mg.
Niacinamide	: 50.00 mg.
Calcium D Pantothenate	: 2.00 mg.

Benefits :

1. Prevents and controls stress caused due to
 - Vaccination
 - Deworming
 - Handling
 - Transportation
 - Disease
 - Climatic disturbance
2. Helps to improve feed conversion.
3. Maintains more health and immunity.
4. Ensures better growth and body weight in broiler and better egg production in layer.

Dosage : 7-10 days

Large animals : 40-60 ml. / animal / day
Calves, Sheep & Goat : 20ml. / animal / day
Dog : 5ml. / animal / day
Pig : Starters, Growers : 3-5 ml. / animal / day
Finishers : 20ml. / animal / day
(or) as advised by a veterinarian.

Presentation : 1ltr. plastic bottle

LIV-ON

Liver Stimulant, Digestant and Correctant

Composition :

Special herbal Liver tonic prepared from selective herbs having functional properties as liver stimulant, correctant and digestant.

Benefits :

1. Improves liver function and helps for better digestion.
2. Corrects liver disorders like fatty livers.
3. Improves feed conversion ratio.
4. Increases growth and body weight.
5. Maintains optimum health and immunity.
6. Highly useful during antibiotic treatments.

Indications :

- Low feed intake
- Mycotoxicosis
- Fatty liver disease
- Hepatitis
- Poor growths

- Poor body weights
- For improving feed utilisation and feed intake.

Dosage : 5-7 days

Large animals : 30ml. / animal / day
Calves, Sheep & Goat : 10ml. / animal / day
Dog : 5ml. / animal / day
Pig : Starters & Growers : 3-5 ml. / animal / day
Finishers : 10 ml. / animal / day
(or) as advised by a veterinarian

Presentation : 1ltr. plastic bottle

ADD CAL Vet

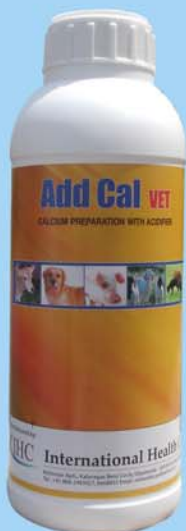

Calcium, Phosphorus & Vitamin D₃ preparation

COMPOSITION : Each 10 ml Contains :

Calcium	: 200 mg.
Phosphorus	: 100 mg.
Vitamin D ₃	: 1600 I.U.
Vitamin B ₁₂	: 6 mcg
Manganese	: 5 mg.
Vitamin C	: 10 mg.

BENEFITS :

1. Improves milk production
2. Helps for better bone and skeletal strength.
3. Prevents hypocalcemia and milk fever.
4. Prevents complications like dystocia, retention of placenta, metritis, mastitis etc.
5. Increases growth and body weights of calves.
6. Improves health, vigour, appetite, bone strength and growth of dogs.

DOSAGE :

Cattle & Buffaloes / Horses :
100 ml./ day / 7-10 days in a month.
Calves : 40 ml./ day / 7 days in a month.
Dogs : 5 ml. / day.
Sheep & Goats : 10 ml. / day – 7 days in a month.
(or) as advised by a veterinarian.

PRESENTATION : 1ltr. plastic bottle

COOLTROL VET

Electrolyte Supplement

Composition : Each kg. Contains

Sodium Chloride	: 10,000 mg.
Calcium Lactate	: 12,000 mg.
Calcium Glucanate	: 12,000 mg.
Sodium Bicarbonate	: 30,000 mg.
Sodium Citrate	: 60,000 mg.
Ascorbic acid	: 10,000 mg.
Potassium chloride	: 30,000 mg.
Magnesium sulphate	: 10,000 mg.
Elemental sodium	: 10,000 mg.
Elemental potassium	: 30,000 mg.
Dextrose Monohydrate upto	: 1000 gms.

Benefits / Indications :

1. Very much helpful in the following conditions :
 - Heat stress
 - Dehydration
 - Disease
 - Transportation
 - Vaccinations
 - Debeaking
 - Deworming
 - Production slumps etc.
2. Provides instant energy and makes the animals active.

Indication :

1. As an energy booster
2. During antibiotic therapy
3. During all stress conditions mainly in summer.

Dosage : Large animals : 100 gms./ animal / day
Calves, Sheep, Goat : 20-30 gms. / animal / day
Dog : 5gms. / animal / day
Pig : Starters & Growers : 3-5 gms. / animal / day
Finishers : 10-20 gms./ animal / day
(or) as advised by a veterinarian

Presentation : 1kg. pouch / tin

COUGH RELIEF Vet

Herbal Respiratory Tonic

Cough :

Cough Relief Vet is a special herbal preparation from special selective herbs having functional properties as expectorant anti inflammatory and anti microbial.

Benefits :

1. Prevents respiratory problems.
2. As a supportive therapy along with antibiotics during respiratory infection
3. Relieves from stress caused due to respiratory distress.
4. Allows the animal to take enough feed

Dosage : 7-10 days

Large animals : 50-60 ml. / animal / day
Calves, Sheep, Goat : 20ml. / animal / day
Dog : 5ml. / animal / day

Pig : Starters & Growers : 5ml. / animal / day
Finishers : 20ml. / animal / day
(or) as advised by a veterinarian

Presentation : 1ltr., plastic container

Fightase-5000 Vet

Phytase enzyme - feed additive

COMPOSITION : Each gm. contains
Assyable phytase : 5000 IU

BENEFITS :

1. Increases the phosphorus availability in the feed.
2. Releases phytate bound phosphorus from plant feed stuffs.
3. Prevents the phosphorus deficiency related symptoms and lesions.
4. Improves mineral assimilation.
5. Helps for better growth & body weight.

DOSAGE : 100 gm. / ton of feed continuously.

INDICATIONS :

- As a routine feed additive to supplement extra phosphorus or to utilise maximum phosphorus from feed stuffs.
- Phosphorus deficiency symptoms.

PRESENTATION : 25kg. bag

COXINIL Vet

Coccidiostat - Feed Additive

COMPOSITION : Each kg. contains
Diclazuril : 5 gms.

BENEFITS :

1. Very effective against all types of Eimeria protozoans
2. Higher anti coccidial index seen.
3. Very safe, no resistance, no residues, no withdrawal period.
4. Helps for better growth and body weight in broilers.

INDICATIONS :

- As a routine coccidiostat feed additive.
- During out break of coccidiosis as a supportive therapy along with specific anti coccidial drugs.

DOSAGE : Swine Feeds : 200 gms. / metric ton of feed continuously
(or) as advised by a veterinarian

PRESENTATION : 1kg. pouch, 25kg. bag / drum

ENZYME MIX PLUS Vet

Multi Enzyme Feed Additive

COMPOSITION : Each kg. contains

- Xylanase : 2,00,000 IU
- Pectinase : 42,500 IU
- Cellulase : 40,000 IU
- Phytase : 40,000 IU
- Protease : 20,000 IU
- Amylase : 20,000 IU
- Beta Glucanase : 20,000 IU
- Lipase : 12,500 IU
- S.Cervisiae : 5000 million CFU
- L.Acidophill : 5000 million CFU

BENEFITS :

1. Helps for
 - Better FCR
 - Better Digestion
 - Better feed utilisation
 - Better health & immunity

- Better growth & body weight
- Better egg production.
- 2. Prevents and controls loose droppings.
- 3. Provides comfort in the gut.

INDICATIONS :

- As a routine enzyme feed additive.
- Poor growth
- Lower body weights
- Loose droppings
- To get an interrupted performance

DOSAGE : Cattle & Swine Feeds : 1-2 kg. / metric ton of feed continuously. (or) as advised by a veterinarian.

PRESENTATION : 25kg. bag / drum

Ammonil Vet

For control of Ammonia production in the animals and farms

COMPOSITION : Ammonil is a blend of yucca schidigera (Natural gas adsorbant) bacillus subtilis (Beneficial bacteria)

BENEFITS :

1. Adsorbs the ammonia gas produced in the intestine itself and expels out.
2. Expelled ammonia will be in the bound form and will not cause harm to environment.
3. Prevents the production of ammonia in the gut.
4. Animals feel comfort and feels nil stress.
5. Animals maintains good health, immunity, growth, body weights, etc.
6. Prevents formation of noxious odours in the farm.

INDICATIONS :

1. As a routine ammonia control feed additive.
2. As a performance booster.

DOSAGE : Cattle & Swine Feeds :
200 gms. / metric ton of feed continuously (or) as advised by a veterinarian.

PRESENTATION : 1kg. pouch

LIQVIT-ESEL

COMPOSITION : Per Litre

Vitamin E (a-tocopherol acetate) : 17 g
Selenium (sodium selenite) : 2 g

BENEFITS:

1. Helps for better build up of health and immunity
2. Helps for better growth and yield
3. Helps to prevent and treat exudative diathesis, degenerative myositis, liver disorders etc.
4. Helps to increase more fertility in males with better quality sperm.

DOSAGE:

Large animals : 5- 10 ml/animal/day
Small animals : 2-5 ml/animal/day
(Or) As advised by a Veterinarian

PRESENTATION : 1ltr. plastic bottle

PROCID Vet

Acidifier and Conditioner

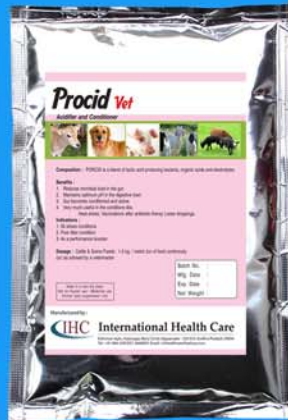

COMPOSITION : PORCID is a blend of lactic acid producing bacteria, organic acids and electrolytes.

BENEFITS :

1. Reduces microbial load in the gut.
2. Maintains optimum pH in the digestive tract
3. Gut becomes conditioned and active.
4. Very much useful in the conditions like. Heat stress, Vaccinations after antibiotic therapy Loose droppings.

INDICATIONS :

1. All stress conditions
2. Poor litter condition
3. As a performance booster.

DOSAGE : Cattle & Swine Feeds : 1-2 kg. / metric ton of feed continuously. (or) as advised by a veterinarian

PRESENTATION : 1kg. pouch

Sali Cox Vet

Coccidiostat - Feed additive

Composition : Each kg. contains
Salinomycin sodium : 100 grams

Benefits :

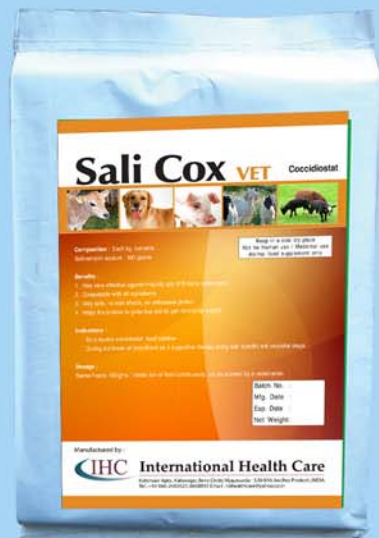

1. Very very effective against majority sps of Eimeria protozoans.
2. Compatable with all ingredients
3. Very safe, no side effects, no withdrawal period.
4. Helps the piglets to grow fast and to get more body weight.

Indications :

- As a routine coccidiostat feed additive.
- During out break of coccidiosis as a supportive therapy along with specific anti coccidial drugs.

Dosage : Swine Feeds :

500 gms. / metric ton of feed continuously (or) as advised by a veterinarian.

Presentation : 25kg. bag

V-FORTE Vet

Vitamins & Mineral Supplement

Composition : Each kg. contains

- Vitamin A : 5,00,000 IU
- Vitamin D₃ : 1,00,000 IU
- Vitamin B₂ : 200 mg
- Vitamin E : 75 IU
- Vitamin K : 100 mg.
- Vitamin B₁₂ : 500 mcg.
- Calcium : 70,000 mg.
- Phosphorus : 20,000 mg.
- Manganese : 2500 mg
- Iodine : 100 mg
- Iron : 700 mg
- Zinc : 1500 mg
- Copper : 200 mg
- Cobalt : 40 mg.
- Choline Chloride : 7500 mg.
- L-Lysine : 1000 mg.
- DL-Methionine : 1000 mg.
- Calcium Pantothenate : 25 mg.
- Nicotinamide : 500 mg.

Benefits :

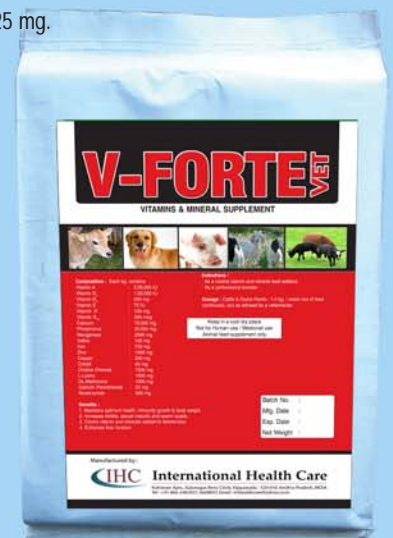

1. Maintains optimum health, immunity growth & body weight.
2. Increases fertility, sexual maturity and sperm quality.
3. Covers vitamin and minerals related to deficiencies
4. Enhances liver function

Indications :

- As a routine vitamin and mineral feed additive.
- As a performance booster.

Dosage : Cattle & Swine Feeds : 1-2 kg.

/ metric ton of feed continuously. (or) as advised by a veterinarian

Presentation : 25kg. bag

MOSTOX Vet

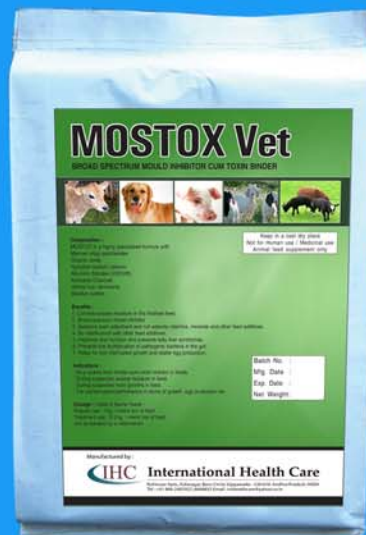

Broad Spectrum Mould Inhibitor cum Toxin Binder

Composition :

MOSTOX Vet is a highly specialised formula with Mannan oligo saccharides
Organic acids
Hydrated sodium calcium
Allumino Silicates (HSCAS)
Activated Charcoal
Herbal liver stimulants
Bacillus subtilis

Benefits :

1. Controls excess moisture in the finished feed.
2. Broad spectrum mould inhibitor
3. Selective toxin adsorbant and not adsorbs vitamins, minerals and other feed additives.
4. No interference with other feed additives.
5. Improves liver function and prevents fatty liver syndromes.

6. Prevents the multiplication of pathogenic bacteria in the gut.
7. Helps for non interrupted growth and performance..

Indications :

- As a routine toxin binder cum mold inhibitor in feeds.
- During suspected excess moisture in feed.
- During suspected mold growths in feed.
- For uninterrupted performance in terms of growth.

Dosage :

Cattle & Swine Feeds :
Regular use : 1kg. / metric ton of feed.
Treatment use : 2-3 kg. / metric ton of feed.
(or) as advised by a veterinarian

Presentation : 25kg. bag

min all

Special quality cattle mineral mixture enriched with chromium and amino acids

COMPOSITION : Each 1kg. contains :

- Bioactive chromium : 65 mg.
- Calcium : 240 gms.
- Phosphorus : 120 gms.
- Magnesium : 2.11 gm.
- Zinc : 2.13 gm.
- Copper : 312 mg.
- Cobalt : 45 mg.
- Iron : 1000 mg.
- Iodine : 160 mg.
- DL-Methionine : 2.00 gm.
- L-Lysine : 4.00 gms.
- Protein hydrolysate : 4.00 gm.

BENEFITS :

1. Ensures higher fertility rate and conception.
2. Helps for faster recovery from illness.
3. Milk production and milk fat content improves and maintains for longer periods.
4. Supplements essential mineral requirements and helps for general health, disease resistance.
5. Increases growth of calves.
6. Relieves the animals from stress / strain.
7. Most suitable in the conditions like advanced pregnancy, repeat breeding, delayed sexual maturity etc.

DOSAGE :

- Calves : 10 gms. / daily
- Cows & Buffaloes : 30 gms / daily
- Pigs : 20-30 gms / daily
- Animal feeds : 10 kg. / ton of feed daily

PRESENTATION :

1kg. pouch, 25 kg. bag/drum

min all forte

CATTLE MINERAL MIXTURE with vitamins, amino acids & yeast culture

COMPOSITION : Each kg. contains

- Calcium : 240 gms.
- Phosphorus : 120 gms.
- Copper : 312 mg.
- Cobalt : 45 mg.
- Magnesium : 2.10 gms.
- Zinc : 2.10 gms.
- Iodine : 156 mg.
- Iron : 1000 mg.
- Chromium : 65 mg.
- L-Lysine : 4.4 gms.
- DL Methinine : 2.2 gms.
- Sulphur : 7 gms.
- Potassium : 100 mg.
- Sodium : 6 gms.
- Selenium : 10 mg.
- Vitamin A : 6,00,000 I.U.
- Vitamin D3 : 6,000 I.U.
- Vitamin E : 200 mg.
- Yeast culture : Q.S.

DOSAGE : Continuously or 10 days in each course.

- Cow & buffaloes : 30 gms.
- Calves : 10 gms.
- Pigs : 20 gms.
- In feed : 10 kg. / ton of feed.

PRESENTATION : 1kg. pouch, 25kg. bag

BENEFITS :

1. Improves milk yield.
2. Helps for better growth.
3. Increases health and immunity.
4. Better fertility in females
5. Better strength in bullocks.
6. Enhances additional stress bearing capacity

INDICATIONS : Low milk yield, advanced pregnancy, peak lactations repeat breeders, young calves, poor growths, during antibiotic treatments etc.

TYMP-OUT

For control of bloat

COMPOSITION : Extracts of special selective herbs along with essential oils having anti frothing, antizymotic, antacid and digestive stimulant properties.

BENEFITS :

1. It is a best anti frothing agent and breaks the froth and makes the route clear for easy expulsion of gases.
2. It is also a best antizymotic agent and stops excess fermentations as well as production of excess gases.
3. It is palatable with good natural flavour and well accepted by the animal for oral administration.
4. Very safe, no side effects in the true stomach.
5. Animal feels nil stress unlike in other chemical preparations for the same purpose.
6. Very effective, quick action and animals feels complete relaxation immediately after administration.
7. Helps to maintain normal ruminal pH.

DOSAGE : Cattle / Buffaloes / Horse : 100 ml. or 100 gms. / animal
Sheep & Goats : 50 ml. or 50 gms. / animal

Note : If the problem is severe administer both liquid and powder doses alternatively with 15 minutes interval.

PRESENTATION :

- Liquid : 100ml., 500ml. plastic bottles
- Powder : 100 gms., 500 gms. pouches
